

FRIENDS OF MARIN CENTER

CHARITABLE TAX DEDUCTION INFORMATION

Friends of Marin Center is a California non-profit corporation and is tax-exempt under the provision of IRS Code 501 (c)(3). Contributions to Friends of Marin Center may be deductible to the extent the funds you donate exceed the value of the benefits received and take advantage of as a member of Friends of Marin Center. If you use some benefits, you must determine the value of benefits used by you and subtract that amount from the contribution you made in determining the amount you may deduct for income tax purposes. Our estimate of the value of benefits you take advantage of is to add together the face amount of each free performance ticket and free fair ticket you use, plus the dollar total of any discounts you receive from the face amount of tickets for other Marin Center events you attend. Please discuss the deductibility of your contribution with your attorney, account or tax advisor.
